CLF Ottawa
Virtual Launch Event

July 26th 2021 5:00 PM - 6:00 PM EST

CLF Ottawa is a local hub of the Carbon Leadership Forum. CLF Ottawa is connected to the larger global network of the Carbon Leadership Forum, which brings together 5000+ professionals from 2500+ companies, 75+ countries, and 1000+ cities around the world. Our Unique location in the G7 Capital of Canada gives us unparallel outreach to professionals and academia.

Meet Our Keynote Speakers

Dr. Miroslava Kavgic, Assistant Professor at The Department of Civil Engineering at uOttawa

Dr. Kavgic's research interests are in the area of energy use in buildings which is dependent upon a complicated set of interactions between building components, systems and equipment coupled with the complexities related to the need and behaviour of the building users. Innovative building materials, sustainable building design strategies and technologies are seen as vital tools in the fight against climate change.

Anthony is the Principal at Priopta, a leading firm with deep expertise in Life Cycle Assessment (LCA) for buildings. Priopta empowers architects and engineers with the data and knowledge they need to reduce embodied carbon. Anthony serves as the CLF Director of Global Hubs. He is a Professional Engineer with a Masters's in Industrial Ecology from NTNU, which is a leading LCA research group in Norway.

Mr. Anthony Pak, Principal at Priopta and Founder of CLF Vancouver
